

What does it look like to be a positive digital citizen?

You and your group will create a short (no more than 3 minutes) video with voice overs (think: kid snippets) that shows that you know what a digital citizen looks like.

Important points to remember:

- I expect this assignment to be AMAZING!! Don't hand in anything less than awesome.
- remember all the important tips that we talked about in class - those should probably be found in your video
- Be creative! How can you SHOW what you KNOW in an interesting way?
- Edit your video properly
- you will be assessed on your final product, and all the work you did to create your final project. Keep track of the work that every person does!

Start here→ compile the information you want to include in your video

NEXT→ write a script (a good copy of your script will be handed in)

THEN→ write/plan your movie

NEXT→ Start filming!

THEN→ Add in voice overs.

NEXT→ Edit! Edit! Edit!

FINALLY→ submit movie to Ms. N via google drive (no other form of submission will be accepted!)
